#### NEW SCHOOL HOUSE.

At the school meeting last week, the report showed that the present school house was not large enough to hold all the scholars unanimous expression of those present at the meeting that a new school house was needed and should be built. Mr. Babcock and the teachers under him are working hard to keep our school progressive, and so far they have been successful. They have worked against the disadvantage of an inconvenient and in-sufficient school building. The school com-menced its fall and winter work under more We hear that Geo. ## Amputation of the Leg.

The Old Family Physician at Fault--Dr. David Kennedy the Successful Surgeon.

Money is the universal necessity, and none

but a cynic or a fool will affect to despise it. Mr. Abram Ellsworth, of Port Ewen, Ulster county, N. Y., had realized this truth. His disease involved the whole of his thigh-bone, and the suffering man looked forward, not without apparent'reason, to death as his only deliverer. His family physician refused to amoutate the limbasserting that the operation, would kill the patient on the spot. Dr. David Kennedy, of Rondont, N. Y., who was consulted, held a different opinion, and amputated the limb. The Doctor then administered freely his great Blood Specific "Favorite Remedy to afford tone and strength to the system, prevent the return of the disease, and Mr. Ellsworth remains to this day in the bloom of health. This gentleman's disease was the offspring of foul blood, and Kennedy's "Favprite-Remedy" purified the blood and restored to him the power once more to enjoy his life. Are you suffering from any disease traceable to the same cause? Try Favorite Remedy. Your druggist has it. One Dollar a bottle.
