He Likes Such Surprises

Its an old saying: the best advertise ment is a pleased customer. It happens to us continually in this vay: A man buys Devoe for his house-

he has painted it once in three years for a dog's age, and thinks he knows what he wants-buys 80 gallons, and has 10 left. He sees right off that 20 Devoe is as much as 80 of anything else. He likes that; it comes quick; it is a surprise; and he tells of it. The best advertisement is a pleased customer.

Three years roll round. There isn't sign-that his house needs paint; he don't paint it. Next year he don't paint it. This comes slow; it is a surprise; but he has got used to it. Still the best advertisement is a pleased customer.
