FILLY RESTORED.

What Other Medicine Makes Such Cures? Do You Know of Any?

Union CERTER, Broome co., N. Y. Union CERTER, Broome co., N. Y.

H. C. SOUTHWORTH—
Day sir: I write to let you know of the benefit myself and family have received from the use of your Bleod and Kidney Bemedy. It was recommended to me in the drug store at Union, after I had tried without benefit nearly all kinds of medicines and many different doctors. I was afflicted with a very severs form of kidney disease, had a heavy brickdant sediment in urine and severa painsjin my back. After using Dr. Seasthworth's Blood and Kidney Resmedy a short time the sediment entirely disappeared from the urine and the symptoms of the disease have not appeared since. I consider it the best remedy I have ever used, and as myself and family have been greatly benefited by it we cheerfully recommend it as a genuine kidney medicine, a cure for all forms of that disease, and as a medicine to build up the system and restors bealth, it is unequaled.

I hereby endorse the, above testimony as given. S. G. Twining, supervisor of the town of Union.

THE HUDSON-FULTON CELEBRA-TION, SEPT. 25TH TO OCT. 9TH, 1900.

The state of New York is soon to enter upon an elaborate celebration of two of the most important events in her history—the first exploration of the Hudson river, by Henry Hudson, in 1609, and the first steam navigation of its waters, by Robert Fulton, in 1807.

The schools may, and should, do much to create an interest in this celebration Wednesday, Sept. 29, is the day set apart for the observance of the celebration in the educational institutions of the weeks series of evangelistic meetings at state. Boards of education, trustees and teachers should arrange appropriate public exercises to be held in the several schools on that day, A copy of the be tested by the Postal Department. booklet on the Hudson-Fulton celebra-The Tie Co. have to furnish 12,000 ties tion, prepared by the education department, has been sent to each teacher, who will find in it many helpful suggestions.

The commissioner of education offers two medals to each high school in the State for the best essays on the discovery of the Hudson river or of the application of steam to navigation thereon; one medal to be awarded to a girl and one to a boy in each school. Every high school student in this commissioner distriot is earnestly urged to enter the con-MAY FIRMAN, School Com.
