PHONE 38

HOW many times have you been busy elsewhere in the house . . . heard the telephone ring . . . and wished it were close to you? How many times have friends and relatives called but you didn't hear the bell? Convenient telephone arrangements . . . extension telephones at handy

locations, or a telephone plan that makes it possible to have calls received at one telephone transferred to you in another part of the house, an additional central office line for use when some other member of the family is telephoning . . . will add so much to the comfort and convenience of your home.

1938-1939 Directory

Including Lists of Subscribers In or Near the Following Cities and Villages:

BLOOMVILLE	EDMESTON	JEFFERSON	RICHFIELD SPRINGS
BOVINA CENTER	FRANKLIN	MILFORD	ROXBURY
CHERRY VALLEY	GILBERTSVILLE	MORRIS	SCHENEVUS
COOPERSTOWN	GRAND GORGE	ONEONTA	STAMFORD
DAVENPORT	HARTWICK	OTEGO	WORCESTER
DELHI	HOBART	PRATTSVILLE	

Small communities in the vicinity of the above cities and towns are also listed in their proper alphabetical position in this book with a reference as to where the telephone numbers of subscribers in those communities can be found.

IN AN EMERGENCY

CALL OR DIAL OPERATOR AND SAY

"I want to report a fire" "I want a policeman" "I want a state trooper"

If you cannot remain at the telephone, tell the OPERATOR where help is needed

Out-of-Town Calls

Call

For calls to nearby points listed on page 5 of this directory....Your Local Operator
For all other out-of-town calls..... "Long Distance"

For typical rates and detailed information, see pages 3 and 4.

Service Calls

Call

For local or out-of-town numbers not in this directory..... "Information"
If your telephone is out of order..... "Repair Service"
For Business Office Service—To order new service, discuss bills, make service requests, etc..... "Business Office"
If call is not completed satisfactorily, or if you need help in making a call—"Supervisor"

When any of the procedures suggested above have failed to satisfy your needs, our Manager, De Forest F. Parce, 1 Dietz Street, Oneonta, N. Y., would appreciate a call from you (Oneonta Official 18).

This issue corrected to June 16, 1938. Copyright, 1938, by New York Telephone Co.

Useful Information About the Service

TO DO BUSINESS WITH THE COMPANY

YOUR ACCOUNT is handled by a representative who will be glad to arrange for any changes in your service or to furnish information regarding bills, directories, etc. If you are moving to a new location, or wish your telephone equipment rearranged in any way, we can have the work done with the least inconvenience to you if you will give us a few days' advance notice. Similar notice should also be given if you wish your service discontinued, either permanently or temporarily. To call the Business Office, ask the Operator for "Business Office." In transacting business in person, use the Business Office at 46 Pioneer Street, Cooperstown, N. Y., or 1 Dietz Street, Oneonta, N. Y.

The Oneonta Business Office is open week days from 8:30 A. M. to 5:00 P. M.; except Saturday when it closes at noon. The Cooperstown Business Office is open from 8:30 A. M. to 12 M. week days, and from 1:00 P. M. to 5:00 P. M. week days except Saturday. If, outside these hours, an emergency arises requiring immediate establishment or restoration of service, call the Operator and ask the Supervisor to assist you.

Our aim is to render a service that is both helpful and pleasing to our customers. We realize that difficulties will sometimes occur in spite of our best efforts to avoid them, and request that they be reported as indicated on Page 1 under Service Calls.

No charge is made for calls to Telephone Company official numbers listed in this directory.

BILLS

Telephone bills are rendered once a month and are due on presentation.

Your telephone bill may be paid at the Business Office. When paying in person, please have the bill with you. When paying by mail, send payment to the Business Office accompanied by the stub. If the stub has been mislaid, please write your telephone number on the check.

Service charges are billed for one month in advance of the billing date. Out-of-Town calls and additional local calls are billed for one month prior to the date of the bill.

DIRECTORY AND INFORMATION SERVICES

It is important to your service that you call the correct number. For this reason every customer is given a directory in which are listed all customers in points shown on Page 1.

Directories are also available for other cities either in the territory of this Company or in other parts of the Bell System and may be obtained at nominal cost by applying at your local Business Office. A list of Out-of-Town numbers frequently called may be secured from the Business Office free of charge. Other Out-of-Town numbers may be obtained from Information.

When you get a new directory, please check your own listings, and, if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

Additional listings and advertising may be arranged for by calling the Business Office.

All telephone directories are the property of the Company. When lost or mutilated, the Business Office will replace them. To prevent mistakes, we ask that obsolete issues be returned when later ones are delivered. No binder, holder or auxiliary cover shall be used in connection with any telephone directory.

The Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

Charges for Out-of-Town Calls

Rates shown are those in effect June 16, 1938

REDUCED RATES for station-to-station and person-to-person calls to points in the United States, Canada and Cuba where the station-to-station day rate is 40¢ or more, are in effect from 7 p. m. to 4:30 a. m. and all day Sunday.

except on station-to-station charges of 25¢ or less, when they are for 5 minutes. Rates for additional minutes may be obtained by calling "Long Distance."

CHARGES BEGIN on station-to-station calls when the called telephone answers; on person-to-person calls when conversation begins with the desired person.

U. S. GOVERNMENT TAX applies on all calls of 50¢ or more, as follows: 50¢ to 99¢, 10¢ each; \$1.00 to \$1.99, 15¢ each; \$2.00 or more, 20¢ each.

MINIMUM CHARGES are for 3 minutes

A SMALL REPORT CHARGE is made on person-to-person calls when the telephone is reached but not the person.

Out-of-Town Calls

How to Make Out-of-Town Calls

CALLS TO NEARBY POINTS:

Calls to the points listed on the opposite page are handled by your Operator in the same manner as local calls. If the number desired is not in this directory, it should be obtained from "Information".

OTHER OUT-OF-TOWN CALLS:

For all other out-of-town calls, call "Long Distance" and give the operator the following information:

1. The name of the place you wish to reach.
2. The telephone number you are calling. If this is not known, give the name and the address, and, on a station-to-station call, say that you will talk with anyone who answers the telephone so that the station-to-station rate will apply.
3. On a person-to-person call, the name of the person with whom you wish to talk, the extension number of the private branch exchange, or the department desired.
4. Give your telephone number when requested by the Operator.

Classes of Out-of-Town Calls

STATION-TO-STATION CALLS are those on which you ask the operator for the desired telephone only, and not for a particular person, nor for a particular private branch exchange extension station. These calls are handled more rapidly and at lower rates than person-to-person calls.

PERSON-TO-PERSON CALLS are those on which you ask the operator to call a particular person to the telephone or to reach a particular private branch exchange extension station. The rates are somewhat higher than station-to-station rates, but no charge other than a report charge is made unless the desired person or extension station is reached.

APPOINTMENT AND MESSENGER CALLS. Appointment calls, when you ask the operator to call a particular person at a particular time, are made at the person-to-person rate. Messenger calls, when it is necessary to employ a messenger to call the designated person to the nearest telephone, are made at the person-to-person rate plus the charge made by the messenger.

COLLECT CALLS. If you want the charge for an out-of-town call to be put on the bill of the called party, tell the Operator when you make the call that it is a "Collect Call". If someone at the called telephone agrees to accept the charges, you will be connected. Otherwise, there will be a small report charge. Charges are the same as for other out-of-town calls, except that for station-to-station calls with an initial period rate of 20¢ or less they are higher. Collect calls cannot be made to foreign countries except Canada and Cuba.

CONFERENCE TELEPHONE SERVICE. A number of people in the same city or in different cities can talk together by telephone as if around a table. To place a conference call, or to secure the rate or other information regarding the service, ask the Operator for the Conference Operator.

You get faster Service when you call by number.

Keep a handy list of your out-of-town numbers.

CALLS TO NEARBY POINTS

Convenient and Useful Telephone Aids—and What They Cost

Rates shown are those in effect June 16, 1938.

EXTENSION TELEPHONES IN THE HOME

The bedroom, the kitchen, the den, the library, the guest room—none is quite complete without its telephone. Extra telephones save time in household work, give added convenience, and permit complete privacy. When located in same building as main telephone:

Monthly charge 60¢
Charge to put in.....\$1.00

PORTABLE EXTENSIONS IN THE HOME

Portable telephones can be carried about and plugged in just like electric lamps wherever needed. They not only save steps, but are in keeping with the up-to-date modern furnishings of any home. When located in same building as main telephone:

Monthly charge 60¢
Charge to put in each outlet.....\$3.00

EXTENSION TELEPHONES IN BUSINESS

Conveniently placed telephones connected to your main line save delay in answering and making calls. They save time and steps, eliminate confusion, and assure prompt attention to customers. When located in same building as main telephone:

Monthly charge.....\$1.00
Charge to put in.....\$1.50

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Postal Telegraph Cable Company or the Western Union Telegraph Company following the instructions shown under its listing in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones paying as you would for a telephone call.

OVERTIME CHARGES ON LOCAL CALLS

Although it is not the Company's general practice to time all local messages, an overtime charge will be made whenever local messages from a public telephone or a customer's message rate telephone are materially in excess of five minutes.

IDENTIFICATION OF EMPLOYEES

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a metal badge showing the Company's name and his own number. We suggest that customers refuse access to their premises to anyone who represents himself as from this Company, but who cannot identify himself in this way.

ATTACHMENTS TO TELEPHONES

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need, the Company is ready to furnish special equipment at reasonable rates.

PRIVACY OF TELEPHONE SERVICE

(Extract from Penal Law.)

A person who wrongfully obtains, or attempts to obtain, any knowledge of a telegraphic or telephonic message by connivance with a clerk, operator, messenger or other employee of a telegraph or telephone company, or being such clerk, operator, messenger or other employee, wilfully divulges to anyone but the person for whom it was intended, the contents or the nature thereof of a telegraphic or telephonic message or dispatch intrusted to him for the transmission or delivery, or of which contents he may in any manner become possessed, * * * is punishable by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or by both such fine and imprisonment.

OBSTRUCTING COIN TELEPHONES

(Extract from Penal Law.)

It is provided by the Penal Law as amended March 24, 1933, that any person who shall prevent or contrive to prevent the return of coins to the users of coin telephones, or cause such coins to be unlawfully returned, or who shall by any device or means interfere with the action or operation of such coin telephones, shall be guilty of a misdemeanor.

ALPHABETICAL TELEPHONE LIST

BLOOMVILLE, N. Y.

HOW TO USE THE DIAL TELEPHONE BLOOMVILLE CALLS

(Including calls between Bloomville and Hobart)

1. Obtain the number from the directory. For example 2652.
 2. Remove the receiver and listen for dial tone—a steady humming sound.
 3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
 4. Raise your finger and without touching the dial allow it to return to its original position.
 5. Then dial the figures "6", "5" and "2". Listen for the RINGING SIGNAL, and intermittent bur-r-ring sound indicating the called telephone is being rung.
- If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.
- If the party you are calling does not answer after several attempts, dial "Operator" and ask whether the number has been changed or disconnected.
- For ASSISTANCE on local calls dial "Operator".

OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

All parties whose telephone numbers have the same first three figures are on the same line. For example, 2652 and 2657 are on the same line.

To call another party on your line, dial the code number "9", then dial the last figure of your number followed by the last figure of the number you are calling. For example: Suppose your number is 2652 and you wish to call 2657. You should dial "9", "2", and "7". Then replace your receiver on its holder.

Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

EDMESTON, N. Y.
HOW TO USE THE DIAL TELEPHONE
EDMESTON CALLS

1. Obtain the number from the directory. For example 2984.
2. Remove the receiver and listen for dial tone—steady humming sound.
3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
4. Raise your finger and without touching the dial allow it to return to its original position.
5. Then dial the figures "9" "8" and "4." Listen for the RINGING SIGNAL, an intermittent bur-r-ring sound indicating the called telephone is being rung.
 If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.
 If the party you are calling does not answer after several attempts, dial "Operator" and ask whether the number has been changed or disconnected.
 For ASSISTANCE on local calls dial "Operator."

OUT-OF-TOWN CALLS
 Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS
 On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.
 On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS
 Always listen before starting to dial to be sure that the line is not in use.
 All parties whose telephone numbers have the same first three figures are on the same line. For example, 2982 and 2987 are on the same line.

To call another party on your line, dial the telephone number. Although you will hear the "busy signal" after dialing the third figure, continue by dialing the fourth (last) figure and then replace your receiver. Your telephone bell, as well as that of the called party, will then ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

GILBOA, N. Y.

(See Grand Gorge)

GRAND GORGE, N. Y.

HOW TO USE THE DIAL TELEPHONE

GRAND GORGE CALLS

1. Obtain the number from the directory. For example 2982.
 2. Remove the receiver and listen for dial tone—a steady humming sound.
 3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
 4. Raise your finger and without touching the dial allow it to return to its original position.
 5. Then dial the figures "9", "8" and "2". Listen for the RINGING SIGNAL, and intermittent bur-r-ring sound indicating the called telephone is being rung.
- If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.
- If the party you are calling does not answer after several attempts, dial "Operator" and ask whether the number has been change or disconnected.

For ASSISTANCE on local calls dial "Operator".

PRATTSVILLE CALLS

To call Prattsville customers, dial "8" and then the Prattsville number

ALL OTHER OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

To call another party on your line, it will be necessary to dial a special code number. If you do not have the code number of the party you wish to call, dial "Operator" and ask for it.

After dialing the code number, replace your receiver on its holder. Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

JEFFERSON, N. Y. HOW TO USE THE DIAL TELEPHONE JEFFERSON CALLS

- 1. Obtain the number from the directory. For example 287. 2. Remove the receiver and listen for dial tone—a steady humming sound. 3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop. 4. Raise your finger and without touching the dial allow it to return to its original position. 5. Then dial the figures "8" and "7." Listen for the RINGING SIGNAL, an intermittent bur-r-ring sound indicating the called telephone is being rung.

OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

All parties whose telephone numbers have the same first two figures are on the same line. For example, 282 and 287 are on the same line.

To call another party on your line, dial the code number "9," then dial the last figure of your number followed by the last figure of the number you are calling. For example: Suppose your number is 282 and you wish to call 287. You should dial "9," "2," and "7." Then replace your receiver on its holder.

Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

ROSEBOOM, N. Y. (See Cherry Valley)

ROXBURY, N. Y.

HOW TO USE THE DIAL TELEPHONE ROXBURY CALLS

- 1. Obtain the number from the directory. For example 2982.
2. Remove the receiver and listen for dial tone—a steady humming sound.
3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
4. Raise your finger and without touching the dial allow it to return to its original position.
5. Then dial the figures "9", "8" and "2". Listen for the RINGING SIGNAL, an intermittent bur-r-ring sound indicating the called telephone is being rung.

OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

All parties whose telephone numbers have the same first three figures are on the same line. For example, 2982 and 2987 are on the same line.

To call another party on your line, dial the code number "9", then dial the last figure of your number followed by the last figure of the number you are calling.

Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

Table listing names and addresses in Roxbury, including Aikman Chas W r Main, Augustino Nicola r Halcottsvl, Avery Marshall D r Halcottsville, etc.

SCHENEVUS, N. Y.

HOW TO USE THE DIAL TELEPHONE SCHENEVUS CALLS

- 1. Obtain the number from the directory. For example 2801.
2. Remove the receiver and listen for dial tone—a steady humming sound.
3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.

several attempts, dial "Operator" and ask whether the number has been changed or disconnected.

For ASSISTANCE on local calls dial "Operator."

OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

All parties whose telephone numbers have the same first three figures are on the same line. For example, 2801 and 2802 are on the same line.

To call another party on your line, dial the code number "9," then dial the last figure of your number followed by the last figure of the number you are calling.

Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring.

HOW TO USE DIAL TELEPHONES STAMFORD CALLS

- 1. Obtain the correct number from the latest issue of the telephone directory... 2. Remove the receiver and listen for the dial tone... 3. With the receiver off its holder, place your finger in the hole over the figure "2" and bring the dial around in a clockwise direction... 4. Raise your finger and without touching the dial allow it to return to its original position... 5. In the same manner dial the figures "3," "5" and "6"...

If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.

If the party you are calling does not answer after several attempts, it is possible that the number has been changed or disconnected. This may be verified by dialing "Operator".

For ASSISTANCE on local calls dial "Operator".

OUT OF TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

To call another party on your line dial the code number and then replace the receiver on its holder. Your telephone bell, as well as that of the called party, will ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk to your party. To stop your bell ringing in case the called party does not answer, lift your receiver for several seconds and then replace it.

If you do not have the code number of the party you wish to call, dial "Operator" and explain the case to the operator.

HOW TO USE THE DIAL TELEPHONE WORCESTER CALLS

- 1. Obtain the number from the directory. For example 2582.
2. Remove the receiver and listen for dial tone—a steady humming sound.
3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
4. Raise your finger and without touching the dial allow it to return to its original position.
5. Then dial the figures "5," "8" and "2." Listen for the RINGING SIGNAL, an intermittent bur-r-ring sound indicating the called telephone is being rung.
If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz quicker and louder than the ringing signal.
If the party you are calling does not answer after several attempts, dial "Operator" and ask whether the number has been changed or disconnected.
For ASSISTANCE on local calls dial "Operator."

OUT-OF-TOWN CALLS

Dial "Operator" and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

On all INFORMATION and REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

Always listen before starting to dial to be sure that the line is not in use.

All parties whose telephone numbers have the same first three figures are on the same line. For example, 2582 and 2587 are on the same line.

To call another party on your line, dial the code number "9," then dial the last figure of your number followed by the last figure of the number you are calling. For example: Suppose your number is 2582 and you wish to call 2587. You should dial "9," "2," and "7." Then replace your receiver on its holder.

Your telephone bell, as well as that of the called party, will then ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk. To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.

GREATER EFFICIENCY AND CONVENIENCE IN YOUR TELEPHONE SERVICE

• Button and Key Devices for Switching Calls •

Below are illustrations of some of the switching devices which are simple and easy to use and provide for Intercommunication, the Holding and Transfer of calls, and for Privacy—planned to meet your individual requirements. They can be conveniently located near the telephone on the desk, table or stand. Rates are reasonable and there are no installation charges.

PLAN 100

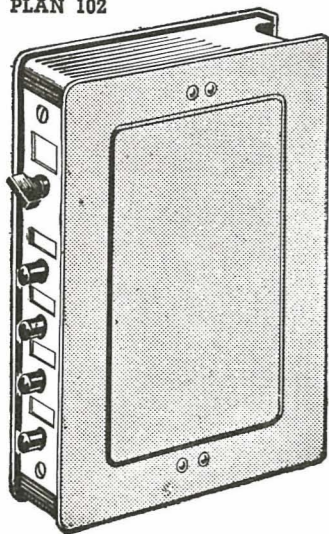

All other tele-
phones on the line
can be cut off, as-
suring privacy.

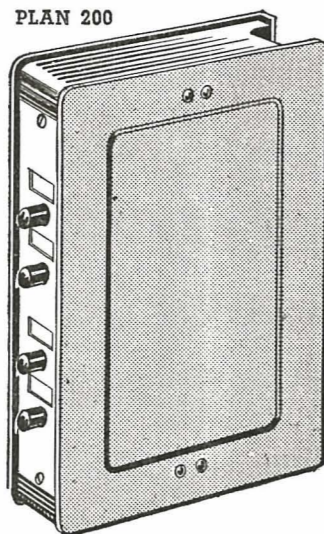

PLANS 203 and 204

Makes 2 or 3 of
your lines avail-
able at each tele-
phone location.

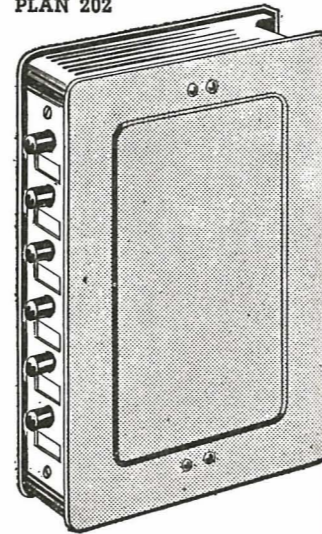

PLAN 102

PLAN 200

PLAN 202

(Approximate dimensions of boxes shown 6" x 4" x 1")

PLANS 102, 200 and 202 vary in the aids they provide but each will give you two or more of the following conveniences:

Your secretary or assistant can answer incoming calls—and announce them to you.

You can telephone directly to others in your office or plant.

You can handle calls on two lines at once on one telephone.

You can hold a call while you telephone for information, without the first person hearing you.

Others can answer your calls on their telephones.

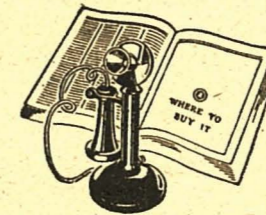

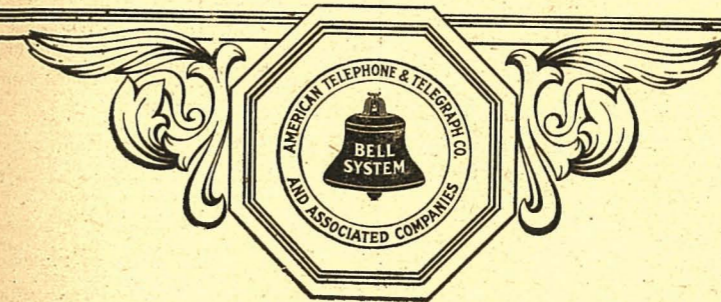

Push button and buzzer for signalling between two or more telephones

MANY OTHER AIDS—WE WILL BE GLAD TO TELL YOU ABOUT THEM

Just call your Telephone Business Office

IT'S
Easy to Shop
THIS WAY

You've had it happen yourself—no doubt many times. Wanted to have a rug mended, a chair upholstered, or a new set of awnings for the sun porch.

Who'll do it? Easy, if you turn to the Classified Directory—in the back of your Telephone Directory.

There you will find a list of dealers in all kinds of goods and services—arranged alphabetically by what they sell. You just glance down the list and pick the dealer you want.

You'll save time and bother if you'll let the Classified Telephone Directory help you with your shopping.
