

Morrisanian
1948

In sincere appreciation of
her unflinching service, patience, and understanding
which have helped us throughout our school years
we, the Seniors of 1945, dedicate this yearbook to
our school secretary, Miss Clara Wagner.

President's Address

We, the Class of 1948, heartily welcome you to our class night exercises.

We wish to thank our friends, and now that we are leaving, I think we may include teachers under this title, Mr. Secor, the Board of Education, and our parents because they have made our school days as joyous as possible for us.

We hope that you will enjoy this hour of foolishness with us in M.C.S.

Earl Lamb

Salutatory

On behalf of the senior class of 1948, it is my privilege to welcome you to our exercises tonight.

This senior class, which is about to take its place along with many other senior classes all over the country, faces a time of stress while our permanent peace is still in danger. It will be our duty to help in any way we may to establish a peaceful world. A world in which everyone can feel safe to enjoy the "Four Freedoms", a term of which we have been hearing little in the last few months.

As we face the problems which confront the members of all senior classes, we wish to express our sincere thanks to those who have assisted in any way to prepare us for the tasks which lie ahead. You have made our school life a happy and successful one. We will earnestly strive to add honor to the records of Morris High School.

To these commencement exercises for which we have waited so long and so expectantly, again I bid you welcome.

Robert Jenks

Valedictory

The graduating class of 1948 is going into a world which is dividing itself into two factions. One faction is made up of democratic thinking people, the other part is composed of communists. We are very fortunate to be living in the United States, the leading member of the side which believes in democracy as the best way for people to be governed. We believe that a government should be, not alone for the people, but by the people. The people in communistic countries accept the belief where only leaders rule everything they do will be for the good of the country. Perhaps Communism is the right form of government for people accustomed to autocratic control for generations but I believe that democracy is the best government ever "set forth by man".

We have enjoyed our days at Morris High School very much and we wish to thank all our teachers, parents, and others who have done so much to make our graduation possible. Although many of us will probably leave Morris to find occupations elsewhere, I am sure that every member of the graduating class of 1948 will hold their school days very dear in their hearts and often recall their happy experiences in Morris.

Earl Lamb

CLASS HISTORY

In the fall of 1944, seventeen pupils entered the Freshman Room. During the year we neither lost or gained a member.

At the beginning of the year we were initiated by the Sophomore Class, after this we were full-fledged freshmen.

The officers of the class were: Earl Lamb, president; Jeanne Myers, vice-president; and Robert Jenks, secretary and treasurer.

During the year we had two Variety parties from which we made a good profit. We put this in our class treasury, and saw ourselves practically started on our Senior Trip.

We were represented very well in activities. In football, Douglas Coon, Earl Lamb, George Laubmeier, and Dick Hamlin (manager) represented our class. In Junior Varsity Basketball, Dick Hamlin, Robert Jenks, Earl Lamb, James Turnbull, George Laubmeier, and Herbert Patrick, won places for themselves. In band Margaret Jordan, Gladys Thompson, Dick Hamlin, Robert Jenks, and James Turnbull represented our class. We were also represented in other activities such as Junior Varsity Cheerleading, Swing Band, Girl's Chorus, Boy's Chorus, Math Club, and Boy's Quartette. We were particularly proud of Margaret Jordan's rating (1) in the State finals as a soloist.

In all we enjoyed a very happy and successful year with Miss Leska as our homeroom teacher.

Our Sophomore class started the year with fourteen former members. Edna Palmer from Laurens, Eleanor Black from Staten Island, Richard Walton from Morris (who was formerly a Marine) and Ernest Murphy entered our class during the year.

Officers were elected as follows: President, Robert Jenks; Vice-President, George Laubmeier; Secretary, Jeanne Myers; Treasurer, Margaret Jordan.

Ever since our class had our intitated by the class of '47, we had waited patiently for the time when we could have the fun of doing the same to the Freshmen. Although they feared something would happen to them, most of them appeared for the initiation.

We celebrated our Christmas vacation with a party at which everyone had gifts and refreshments. Mr. Knapp, our class advisor, lent a very willing hand.

In order to raise more money for our senior trip, our class sponsored a round and square dance, June 14, 1946.

Members of our class who participated in sports included George Laubmeier, Robert Jenks, Earl Lamb, Douglas Coon, Donald Wing, and James Turnbull. Margaret Jordan, Gladys Thompson, Robert Jenks, Herbert Patrick, and James Turnbull were active in musical organizations.

Our Junior year was started with an enrollment of eighteen pupils. Soon after school opened, our enrollment started decreasing at a very steady pace until we had an enrollment of only thirteen pupils. Those who left school to get married were Margaret Jordan and Betty Jean Olda. Theresa Hoag and Betty Blanchard left school to work in Oneonta. Another of our classmates, Dorothy Murdock, moved away.

Early in September we elected the following officers: President, Jeanne Myers; Vice President, George Laubmeier; Secretary, Earl Lamb; and Treasurer, Donald Wing.

During the year we sponsored a dance which resulted in a loss of 3%. We sold subscriptions to the "Morris Chronicle" and the "Otsego Journal" in this project we did reasonably well.

We were represented in sports by Robert Jenks, Earl Lamb, Douglass Coon, George Laubmeier, Donald Wing, and James Turnbull.

Aside from our decreasing class we had a very pleasant time with our home room teacher, Miss Ertel.

The fall of 1947 found seventeen seniors enrolled on the opening day of school. In addition to the thirteen left at the close of school in June in the Junior class, we had collected Betty Allen, Harold Bailey, Charles Romaniello, and Thomas Erickson. Betty and Harold were both former students of Morris Central. Charles Romaniello came from New Jersey and Thomas Erickson had seen service in World War II in the occupation forces in Germany. We were glad to welcome these new members.

At the beginning of the year we elected Earl Lamb, president; Robert Jenks, vice-president; Dolores McNeely, secretary; and Jeanne Myers, treasurer. These officers have proved a wise selection.

Most of our spare time this year has been spent in trying to raise money for our Senior trip. We felt very proud of our nest egg at the close of the Junior year, but we soon learned that it was only a drop in the bucket when we considered the prospective cost of a trip to Detroit. We have sponsored dances, magazine sales, a play, stationery sales and several other projects during the year. At last about Easter vacation time we found that we had enough in our treasury to make the trip a definite proposition.

On the morning of June 1, the seniors and their two adult companions met at an unearthly hour in front of the school building to board the bus for all points west to Detroit. I wish I had time and space to tell of our interesting experiences and how various members of the class recorded themselves in the pages of history but an evening is too short for such an account. However, I do wish to express the thanks of the class for all the assistance that was given to us in the acquiring of the necessary financial backing for our trip.

During the year both our boys and girls have been very active in the field of sports. We have also been well represented in music, library club, Journalism and other activities sponsored by the school. Possibly our scholastic reputation has suffered from this excess activity in extra-curricular interests, if so, we trust that we have gained added training from their pursuit.

Our last year at M.C.H.S. has been a happy one. We wish to thank Mrs. Olds for her sympathetic forbearance during the 190 odd days and nights that she had to endure our idiosyncrasies.

James Turnbull

CLASS WILL

We being of sound minds and pure hearts wish to bestow these parting bequests upon our many friends.

- BOARD OF EDUCATION: The ability to realize that some students would like a larger variety of courses offered.
- MR. SECOR: Another senior class that will obey the school rules as well as we have.
- MISS WAGNER: A position that rates more credit than you receive.
- CUSTODIANS: Someone to appreciate your humor as much as the seniors have.
- MRS. EDGERTON: Cafeteria workers that do the right thing at the right time.
- MRS. OLDS: A couple more problem students like Eleanor B. and Betty A.

MISS HOLLY: Another typing student to take the place of George.

MR. KNAPP: A smell proof lab.

MISS LESKA: A successful year.

MISS SANLY: Another trip to Amsterdam so you can entertain neighboring music teachers.

MRS. DANIELS: A home in Chicago so you can be near your son.

MR. VENABLE: A sound proof room to teach your classes in.

MISS FLO: Curtains between the Library and study hall so you can't see what goes on.

MR. BRYAN: Students that will see things your way always.

MR. KENNEDY: The will to keep a straight face when students tell jokes.

MRS. KNOWLTON: A fifth period study hall that doesn't rile your temper.

MR. CLEMENT: Strickly male gym classes.

ROLAND ANDERSON: The ability to master sports.

MABEL BAILEY: A date with a fellow now and then.

WILLARD DOUGLAS: A girl that is interested in something more than your car.

CLARENCE GREGORY: A car to take you to and from G'ville so you won't have to hitch-hike.

KARL JACOBSEN: The ability to date girls then face Marion with grace and innocence.

CLAIR JACOBSEN: A car so you can take Elsie Jo out in style.

MARY LOUISE LIGHT: A companion to walk you home on dark nights.

SARAH LIGHT: The ability to realize that you are not the only person on earth.

GEORGE NEARING: The power to break away from Willard and find out what life is like without him.

DARLENE PRINDLE: A ring from a fellow that lives on Church Street.

ANN SMITH: A book on "How To Get Acquainted."

RICHARD VENTRE: Someone to appreciate your humor besides Bob Van.

JEANNE FOOTE: The power to realize your not as old as you would like to be so slow up and act your age.

BARBARA BENJAMIN: The sense to see that you are too young to be tied down to any one person.

DORIS COLE: A private school so you and Howard can hold hands all the time.

Witnessed this day, the twenty-eighth day fo June, in the year of our Lord one thousand nine hundred forty-eight.

CLASS PROPHECY

As I opened the early morning edition of a "New York News", my eyes caught these headlines, "Morris Class Ring of '48 To Be Tested Under Newly Perfected Telescope". Reading on I found that this telescope was capable of finding anyone of our graduating class of '48 and was to have the test done by a new speed plane. "I sure have missed the gang for these past ten years," I said to myself, "why not go along and find out just how much of a success each one has made of himself in this world".

Soon I was off the ground and the telescope seemed to be leading us back to that peaceful village of Morris. I didn't think that strange, for I thought some of the gang would stay there after graduating. Gliding into Morris. I saw a large farm owned and operated by Herbert Patrick. Continuing on into the center of the village I saw Doug Coon standing in front of a large garage. Apparently he must have had customers from all over the United States by the way things were thriving. As I continued on down South Broad, whom did I see but Gladys Thompson Brownell just entering one of the newly constructed prefabricated houses. She seemed to have a good start towards filling it.

The plane soared off and headed eastward. As it came into Boston, the telescope picked up a large sign advertising the now famous dancing school of Edna Livesey. In Boston, I also found a new building being erected which was designed by Charles Romaniello.

As I was coming back into New York State and going west, I saw a large portion of land which was under test by that new soil conservationist, Thomas Erickson.

Continuing on west, the plane seemed to have difficulty passing a speeding Greyhound Bus. Why! There was only one driver in the world like that, it must be Harold Bailey.

Passing over Detroit, the telescope selected Earl Lamb's chemistry class doing an experiment on hydrogen sulfide. Can't you imagine "Bucky" doing such a thing when they were having eggs for dinner in the cafeteria?

Now the plane is directed to Chicago by the telescope. As it was noon I stopped for some lunch. No sooner did the plane land than I met Betty Allen, who is now a charming airline hostess. From her I learned that I could get an excellent lunch at the airport restaurant. Which I immediately did. Betty had lunch with me and while we ate I learned more about my classmates. Eleanor Black had an art studio on the lake front. She had become a very well known artist. Betty also told me about Dolores McNeely who was a teacher of home economics in one of the three largest high schools in the United States. The three high school "Muska-teers" are still together. I wonder if Eleanor is as noisy in her studio as she was in M.C.S.

After I had finished lunch and this pleasant conversation, I boarded the plane which headed toward the west coast. As I was flying over San Francisco Bay, I saw a large ocean liner in the harbor. As it docked I saw Robert Jenks issuing orders to a group of ensigns. He seemed to be getting "a big kick" out of it too. Also in San Francisco I found George Laubmeier, now a famous fight promoter. At present he is the champion's manager.

As the plane came into Texas, it was guided by the telescope to an oil field location. I was not surprised to find Elizabeth Cole taking dictation from one of "them dern" Texas oil magnates. She was wearing an enormous diamond.

Shortly after this I found myself over a large football stadium and down by the fifty yard line, in a box seat, was Jeanne Myers Quintin watching her famous husband's team in action.

Flying east toward Florida, I saw a large Miami resort hotel being decorated for the coming season. Upon inquiring further into the matter I found that James Turnbull was the interior decorator who was turning this hotel into one of the beauty spots in the state. I also discovered that Donald Wing was manager of this successful establishment. Don must be happy now that his high school dream

has materialized.

The plane turned up the coast, back to New York, and I arrived home as dusk began to fall. I spent a most enjoyable evening going over the scenes on which I had been privileged to gaze. Few of my classmates have reached the zenith of their expectations but all are on their way. I'll bet Mrs. Olds never expected we would do so well.

Donald Wing

In Appreciation

We, the Class of '48, wish to express our thanks to all who by their kind patronage made our trip to Detroit possible.

CLASS POEM

To the dear old Class of '48
I wish you success in deciding your fate.
As for Mrs. Olds, I think she's just fine,
And may she teach in '49.

Betty is the cheer-leader of our team.
We couldn't win without her, it would seem.
Three cheers to her and Morris too,
And may she always a good job do.

Eleanor always runs out of the door.
She slipped one day and hit the floor.
Now that she's off to this good start,
May she do as well when she's teaching art.

Elizabeth a secretary would be
As the job suits her to a "T",
Don't be afraid of the boss or the men,
Just hold your temper and count to ten.

Doug is the mechanic of the class.
To him, I vow, all motorists will mass.
We hope he learns at a mechanic's school,
So people will say, "He's no tinkering fool".

Earl is our ship of state,
As president of the class we think he's great.
If Navy training he does choose,
He'll learn to shave or else rank he'll lose.

George it seems they call a flirt.
I say, old pal, is one of them Myrt?
Or is it true, what I heard you say,
That your wife must cook in a certain way?

Edna is a little lass,
Whose ambition is a dancing class.
And though she's little and talketh not,
They say that on her feet she is quite hot.

Jenks they claim to be quite dapper,
Being true to Iris is another matter.
And if the Navy training he doth pass,
In every port he'll have a lass.

Jeanne is the brain-child of the class.
May her wish to get married come to pass.
Do not be hasty to choose a lad,
For maybe your marriage might be sad.

Gladys has rhythm in her soul,
To continue music should be her goal.
A radio star someday she'll be,
And play the piano professionally.

Dolores they say is a fashion plate,
But teaching she says will be her fate.
A fashion designer she ought to be.
She dresses so smartly you can plainly see.

Don is a most likeable lad,
But in the classroom he looks so sad.
A hotel manager he'd like to be,
For him success we hope to see.

Herbert is our farmer wise,
His life is one we should not despise,
For the country needs this kind of a man,
To till the soil and work the land.

Jimmy is a boy so quiet,
But I bet at times he is a riot.
It's hard to say what he will do,
But I bet in this world he'll get thru.

Harold is our soldier boy,
May his life be long and full of joy.
He came back to us from over the sea,
So here's to him and our liberty.

Charles a draftsman wants to be,
But there is no tech school in this vicinity.
So I.C.S. he should take,
And still a draftsman he will make.

Thomas Erickson

(Thomas Erickson a chemurgist would be.
He knows how best to grow a plant or tree.
He's always serious and does his best,
Until his work is done, he takes no rest.)

JUNIOR CHARGE

We, the class of '48, truly realize the very hard task which you, the Juniors, are about to undertake. If you pay strict attention to what we have to tell you, you may someday become as great a success as the class which is preceding you. However, if you continue in the direction in which you are now headed you will surely end in ruin. Harken then to these "pearls of wisdom" and be saved from the fate than otherwise awaits you.

- ROLAND ANDERSON: We hear you make frequent visits to Garrattsville, why don't you stop robbing the cradle.
- MABLE BAILEY: Everyone knows you are bashful, so change your tactics and get your man.
- RICHARD VENTRE: Remember the world is made for men, not mice.
- CLARENCE GREGORY: Clarence, have you never heard the jingle "Change neither the name nor the letter, may be for worse instead of better."
- KARL JACOBSEN: It's never wise to play two girls in the same town.
- CLAIR JACOBSEN: You are good in sports Clair but you should slow up and give the other boys a chance.
- MARY LOUISE LIGHT: You have a nice personality why don't you get out and exercise it.
- SARAH LIGHT: The presidential candidates will be campaigning all summer: follow their example and start your cheer leaders campaign before September.
- GEORGE NEARING: You should have a permanent home in Morris so Sally could help you do your history all the time?
- DARLENE PRINDLE: Don't take love so seriously. You have plenty of time.
- ANN SMITH: Make a study of "man" or Elsie Jo will get to the alter ahead of you.
- WILLARD DOUGLAS: Next year promote English and history in preference to Ag. trips.

George Laubmeier

JUNIOR RESPONSE

To the nit-witted seniors who will now have to face the hardships and trials of the world unaided by the valiant juniors, we bid a tearful farewell.

We realize that you feel that the school will be left in complete ruin and desolation, however, if you'd face the facts for once in your aimless lives, you would realize that when you leave, the school will return to its honorable standards once again.

We grieve that you are now leaving, because with you gone we will no longer have anyone to pick up, patch up, and brush off.

We hope that with a change of heart, you will treat the world with more humanity than you have evinced toward us.

At this time we say good-by and sincerely hope that you, collectively and individually will lead from now on a successful and profitable life.

FACULTY

JUNIORS

CLASS HISTORIES

Freshman Class

The Freshman Class started the year with 18 members. Later in the year Pauline Giambaluo, Irene McMullen, and Francis Olds joined our class.

Our class officers were: Donald Decker, president; Ginger Allen, vice president; Elsie Jo Smith, secretary and treasurer.

George Schoradt, Donald Decker, Edward Johnson, Joey Lamphere, Howard Gardner, Arthur Bettiol, and Francis Olds participated in sports. Ginger Allen, and Elsie Jo Smith were cheerleaders. Our class was well represented in band and chorus.

Our freshman year has been very pleasant with our homeroom teacher, Miss Thelma Leska.

Elsie Jo Smith
Secretary

Sophomore Class

At the beginning of the school year there were 24 students in the class. We were sorry to lose two of our members later in the year. Charles McCarthy joined us for a short time then left us for the navy. Katherine Powers moved to Coopers-town where she is attending school.

The class elected officers as follows: Donald Foote, president; Eugene Bettiol, vice president; Francis Klindt, secretary and treasurer.

In October we had a Variety Party from which we realized a fair profit.

During the winter we started planning for two one-act plays. However there were so many school activities in which we were interested that we decided to postpone the plays until next fall.

Francis Klindt
Secretary

Junior Class

The junior class consists of only twelve members, but it is represented in sports, band, glee clubs and journalism. We lost Bertha Tenace when she moved to Schnectady to work for the telephone company, and attend night school.

Our class officers are: Karl Jacobsen, president; Clair Jacobsen, vice president; Bertha Tenace was secretary and treasurer. Since Bertha left, Mary Louise Light was elected to fill the vacancy.

Before Christmas the class sold greeting cards in order to raise money. Later we sponsored a dance which proved very profitable.

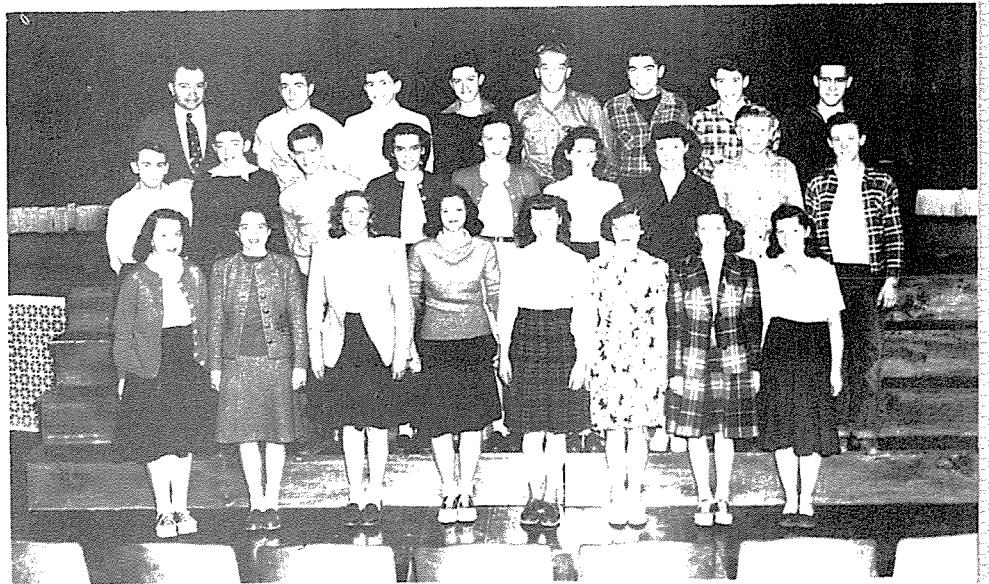

Sarah Laight and Darlene Prindle gave vocal solos at the annual State Contest. Others of us took part as members of the band and chorus.

Our class put on the Alumni Banquet at which all of us endeavoured to make it a success.

We wish to thank Miss Holly for a very pleasant home room during the year.

MUSIC DEPARTMENT

Band

After playing a series of summer concerts the M.C.S. Band organized for another eventful school year with the election of officers and the reinstating of the band's point system. The officers elected were as follows: President, Milfred Prindle; Vice President, Anita George; Secretary, Virginia Allen; Treasurer, Darlene Prindle.

Its first appearances were as a marching band for the Morris Fair and the Toy and Pet Parade at Oneonta in October.

A small pep band consisting of the boys in the band provided marches for assembly and for the Rotary Halloween Party. They took great pride in their characteristic loud and fast playing.

In November the band was represented by several members in the All-State Sectional Music Festival at Amsterdam and the Otsego County Music Festival at Oneonta.

The highlight of the year was our Spring Concert held in April. In mentioning the spring concert we must pay tribute to the cast of the "Ragtime Wedding", especially George Schoradt, our young and sprightly bride.

Other events on the band's calendar were the State Contest, the Festival at Delhi, Memorial Day Parade, and Commencement Exercises. Virginia Allen, Onnalee Ostrander, James Hamlin, and Francis Klindt entered the State Contest as instrumental soloists.

Last but not least we want you to know our baton twirlers who did much to our marching band. They are as follows:

Senior Twirlers: Jeanne Foote, Lois Pickens, Louise Utter
Junior Twirlers; Luella Dixon, Janet Wells, Marilyn Decker, Joy Weidmann, Joyce Toomath, Betty Wilson, Elaine Buhh, Doris Erickson, Emily Boyd.

The Junior Band was not organized until the second semester this year, but appeared in our last assembly program which was held in May.

The band will reorganize July 1 to present a series of six concerts this summer. We hope many from the community will join us.

Girls' Chorus

The Girls' Choir started this year with 38 members and elected the following officers: President, Mary Louise Light; Vice President, Anita George; Secretary: Ann Smith; Treasurer, Darlene Prindle.

In November several members participated in the mixed choirs in the All-State Sectional Music Festival at Amsterdam and the Otsego County Music Festival at Oneonta.

For the Christmas Assembly program the choir presented "The Singing Christmas Tree" with Sarah Light, Gladys Thompson, Darlene Prindle, Harriet Puylara, Barbara Benjamin and Anita George taking solo parts.

The Choir also presented a portion of the Spring Concert both as a Girls' Choir and as a mixed choir in collaboration with the Boys' Chorus.

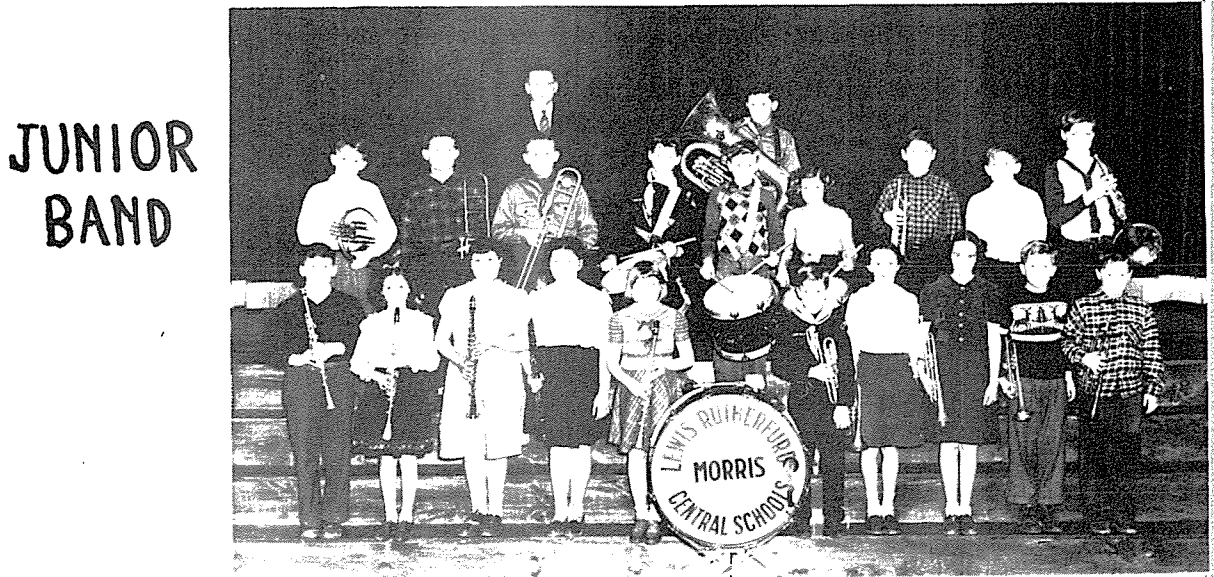

Sarah Light, Darlene Prindle, Mary Elizabeth Allen, and Joanne Rutherford entered the Vocal Contest at Delhi on May 21.

The climax of the year was the Choral Vesper Program held on Sunday, June 6 with Darlene Prindle, Sarah Light, James Hamlin, and Mr. Kenraid Shields as soloists.

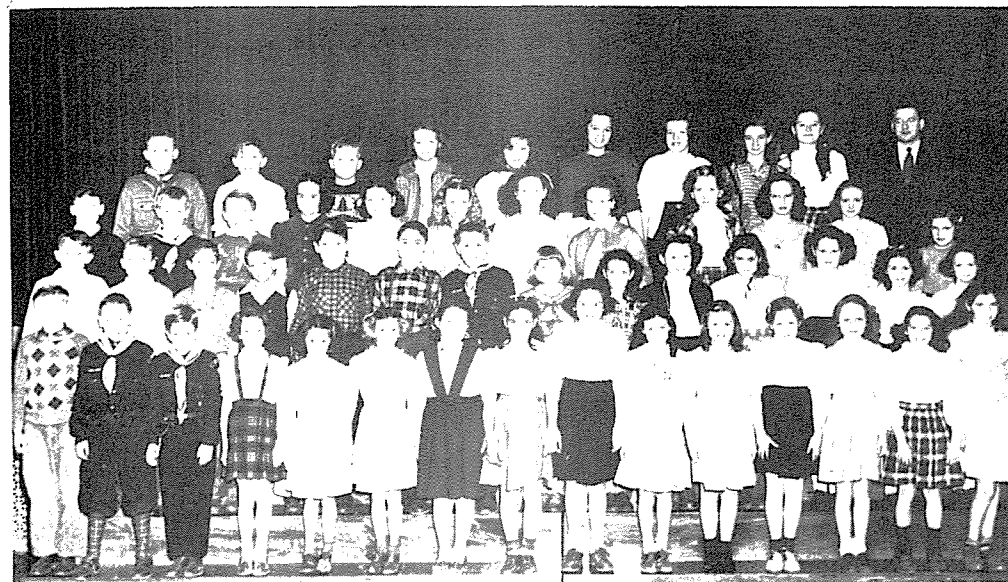

The Triple Trio composed of Darlene Prindle, Betty Allen, Louise Utter, Elsie Jo Smith, Ann Smith, Joanne Rutherford, Sarah Light, Harriet Puylara, and Gladys Thompson performed several times, including the Senior play, Spring Concert, and

the Vesper Services.

Boys' Chorus

Recipient of many favorable comments was the reorganized Boys' Chorus at M.C.S. this year. Even though we were able to have only one rehearsal a week we participated in the mixed chorus of the Otsego County Music Festival, at the Senior play, Spring Concert, and the annual Choral Vesper Service in June.

It is the hope of this year's chorus that more of the high school fellows may participate next year to make this a permanent organization.

Junior Choir

The Junior Choir, with 55 members, from the 4th., 5th., 6th. Grades appeared publicly three times this year: Thanksgiving, Christmas, and in our Spring Concert. Manu also participated in the Junior Choir of 250 voices at the Otsego County Music Festival.

Bernard Bryan, Music Director

Library Clubs

The Senior and Junior Library Clubs with a membership of 8 and 6 respectively have been active groups this year.

The Junior Club consisting of 7th. and 8th. graders have reviewed books, learned to read shelves, worked on a file of modern authors, pictures, and have learned the responsibilities connected with taking care of the circulation desk.

In the fall, the Senior group worked at the annual faculty Book Week tea.

The big accomplishment this year with this group was the mending and repairing of books. These students also worked on displays and were competent in taking care of the circulation desk during study periods.

The clubs have tried to make the library a pleasant, clean, and comfortable place in which to study and read.

Marie Flo, Librarian

F.F.A. NOTES

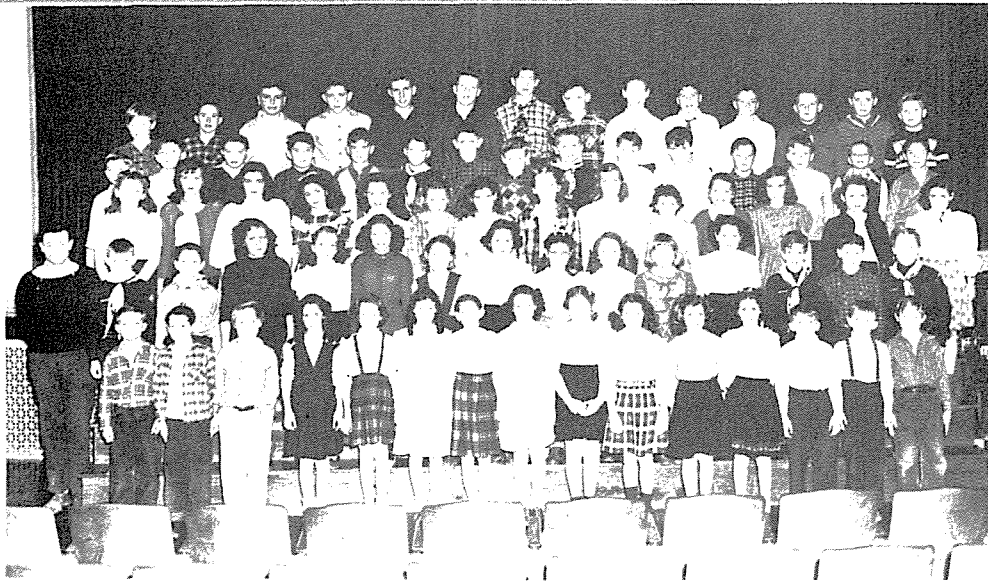

Under the leadership of President Coon and his brother officers, Chapter 168 of the "Future Farmers of America" carried out a successful program this year.

Activities for the year centered around the goal of raising enough money to go on the club trip. This year we went on a three-day trip to Boston, Massachusetts. During our stay we roomed at the Hotel Lenox. We spent our time visiting historical spots in and around Boston. We visited some of the largest department stores in the world, such as Jordan Marsh Co. and Filene's. We also enjoyed hunting up good places to eat. These included the world-famous Durgin-Park restaurant near Faneuil Hall, in the market section of the city.

Among the activities carried out to raise money for the trip were: selling pop at baseball games, selling seeds, also the purchase, repair, and resale of farm machinery.

We plan to get a flying start on next year's fund-raising by selling refreshments at the Town Team baseball games during the summer,

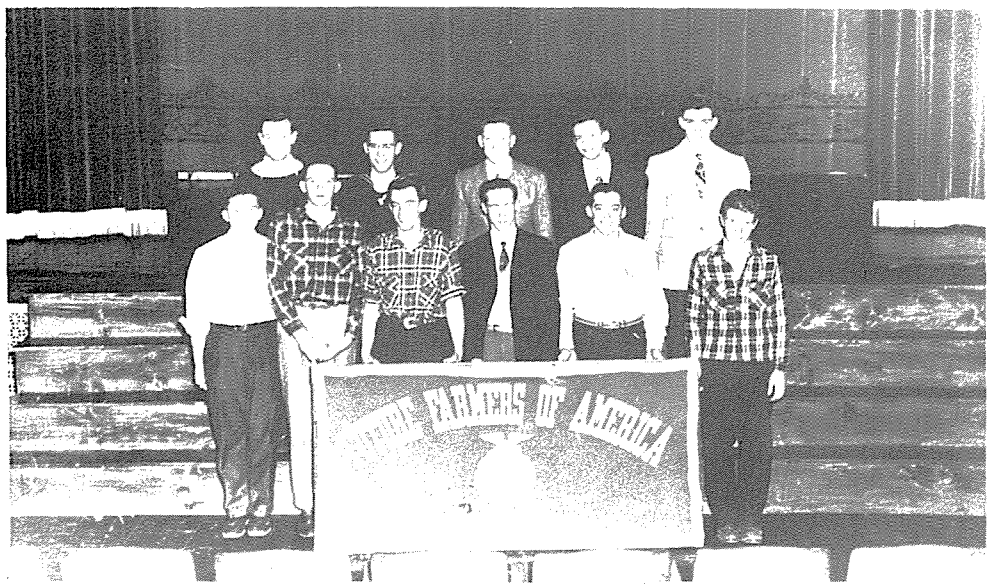

Donald Kennedy

JOURNALISM CLUB

A Journalism Club was organized shortly after school opened in September under the direction of Mrs. Olds. Miss Holly kindly consented to help with the typing problems. Only seniors and juniors were allowed to participate.

Three very successful monthly publications were issued, climaxing with an elaborate Christmas number filled with stories and illustrations contributed by members of the first six grades. The club hopes to publish a last edition sometime in June.

Betty Allen '48

Junior Red Cross

This year our Junior Red Cross became a part of the Oneonta Chapter.

In response to the rollicall in January, the school collected about thirty dollars, the lower grades contributing the greater part of the collection. To the fifth grade goes the honor of giving the largest amount.

In April we filled fifteen boxes for children in foreign lands. In each of these boxes were a toothbrush, soap, ball, three small pads, three pencils, and tooth-paste or powder. The box could be filled with any others useful articles. In addition to filling the fifteen boxes we sent enough material to fill several more. The third grade filled three boxes by themselves and the fourth grade had enough to have done the same if we had had the containers. We wish to thank the parents who helped us to make this project so successful.

Gertrude W. Olds
Junior Red Cross Chairman

Cafeteria Changes

Last September, the School Board and our Principal placed the music room adjoining the cafeteria at our disposal. This extra space was much needed and is certainly appreciated. Mr. Card and Mr. Marble made an opening between the two rooms and put in a shelf. They, with the assistance of Mr. Weatherly, and Mr. Gregory, moved the electric range with an outlet and electric fan to carry away those tantalizing odors, as well as some not so tantalizing. A large sink was installed and new cupboards and work shelves were built. We thank all who helped to make this new kitchen such a pleasant and convenient working place.

The Staff consisted of "Ma" Edgerton with the following student assistants Barbara Benjamin, Ginger Allen, Marjorie Card, Evelyn Johnston, Ann Smith, Mary Louise Light, Mabel Bailey, June Tenace, Gladys Thompson, Dolores McNeely, Herb Patrick, Milfred Prindle, Louise Utter, Jeanne Foote, Gena Gould, Marian Harris, Onnalee Ostrander, Elsie Jo Smith, Geraldine Hoag, and Harriet Puylara.

FOOTBALL

The Morris Central School football team really did all right for themselves during the '47 season. They were the "Champs" of the northern section and they won six of their seven games. The only loss of the year went to our rival, Gilbertsville Central School. This was a hard fought game to the very end but Morris was nosed out by only two points, which was an automatic touchback. This year the team consisted of 26 members. The veterans of previous experience were: Capt. Karl Jacobsen, G. Laubmeier, M. Prindle, D. Decker, R. Jenks, E. Lamb, J. Turnbull, D. Coon, H. Gardner, R. Carr, C. Gregory, D. Wing. The newcomers to the team were: J. Hamlin, J. Colburn, E. Johnson, G. Schoradt, R. Tarbox, J. Lamb, E. Harrison, R. Anderson, E. Bettiol, D. Foote, E. Goodier, R. Pickens, B. Wheeler.

In the all-star game, which was played beneath the lights in Oneonta, we played one period each against Unadilla and Gilbertsville.

Morris 0 Unadilla 0

G'ville 8 Morris 6

Due to an injury of his foot before school opened, Clair Jacobsen who became our football reporter, was unable to play football. Players who did not finish the season as well as they started it are Barney Wheeler and Donald Decker. Wheeler suffered a broken leg and will not be able to play in sports during the rest of the year. Decker saw action until the last few seconds of the all-star game, and then suffered a strained ligament in the ankle when he was tackled by a Unadilla player. All in all, I believe our football team has done a very good job for it has added another trophy to the collection in the trophy case. In the two seasons of play we ran a string of eleven straight wins, the five last games in '46 and the first six in '47.

BASKETBALL

The teams of Morris Central School adopted names for themselves this year. The varsity are called Mustangs; the junior varsity are called Mavericks; the seventh and eighth grade team are called Ponies. The meaning of mustang as given by Webster is a small, hardy, half-wild horse of Texas and Mexico: a maverick is an unbranded animal running at large; a pony is a small horse.

The Morris Central Mustangs had a very successful basketball season. They were the winners of the North Section of the Tri-Valley League and were awarded the runners-up in the sectional play-offs of the Tri-Valley League. George Laubmeier was elected the honorary captain of the team for the season.

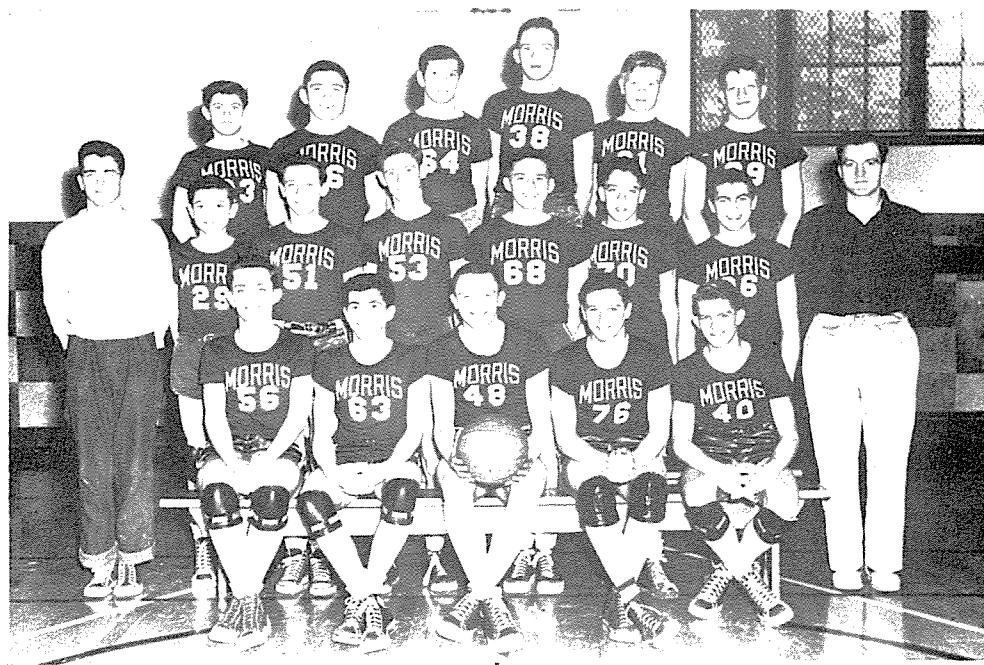

The Morris Central Mavericks or Junior Varsity ended their season with five wins and five losses which placed them fourth in the League standings. The honorary Captain of the J.V.'s was George Schoradt.

The seventh and eighth grades also had a basketball team this year and although they were not too successful in winning their games they did show great promise for the years to come.
