Oneonta Union—Oneonta, Sept. 22, 23, 24. Susquehanna Valley—Otego, Sept. 20, 21, 22. Schenectady Fair—Schenectady, Sept. 21, 22, 23. Delaware—Delhi, Sept. 23, 24, 25, 26. Schenectady Valley—Schenectady, Sept. 20, 22. Montgomery—Fonda, Sept. 21, 22, 23. Otego—Cooperstown, Sept. 27, 28, 29. Butternut Valley—Morris, Oct. 5, 6, 7. Sherburne—Sherburne, Sept. 21, 22, 23. Winfield—West Winfield, Oct. 5, 6, 7. Edmeston Fair—Edmeston, Sept. 15, 16, 17.

Vicinity and County News.

Lovely moon-light evenings. See Butler & Son's new advertisement. Jack Frost came to town last Friday night. The harvest moon is now in all its beauty. Murdock is receiving new goods this week. Mr. William M. Cooke has gone West for a few weeks' vacation.

The trial of Dr. Meacham and Mr. Horton has again been put over. Democratic County Convention at Cooperstown, on Friday, October 8.

Republican Congressional Convention at Sidney Plains, on Thursday, Sept. 16.

Grand opening of Ready-Made Clothing at Potter Bros. to-day. See advertisement.

Rev. A. E. Daniels and wife, start the latter part of this week for Steuben county.

Gray Squirrels seem to be in abundance. Our hunters are bringing them in quite freely.

Miss Lilly Lidell, of Schuyler's Lake is visiting Miss Emma Watson, at the Morris House.

We understand that local dealers in this county are offering from 25 to 30 cents for hogs.

Mr. L. M. Hine, wife and son, of Franklin, are spending a few days with Dr. J. W. Hine, of this village.

Miss Nina Herington, after a two weeks' absence from town, returned home last Saturday evening.

Rev. W. H. Harrington, a former pastor will preach in the Universalist church, next Sunday morning.

The Hill Land Horticultural Society, of Central New York, will hold a fruit exhibition at Otego, Sept. 20, 21 and 22.

A Post of the Grand Army was mustered in at New Berlin last Saturday evening. It started off with twenty charter members.

Quite a number of our townsmen will attend the State Fair at Albany, this week.—Others are attending Court at Cooperstown.

The Otego County Teachers' Institute will be held in Cooperstown, commencing Monday, Sept. 20. See notice in another column.

The Ballard House in Cooperstown, came near being destroyed by fire recently. The damage done was slight, but the scare large.

Starr Kiddler and Frank Bowne of Elmira, are in town. Starr worked and rode from Oneonta to this village last Saturday, on a bicycle.

The Normal School students returned to Albany last week, except Will Hall, we understand that he will teach school this winter.

David Beckman, of the firm of Potter Bros. & Co., goes to New York to-day, for the purpose of buying a new stock of fall and winter goods.

Those sluices are all repaired, and travelers going down the hill east of South New Berlin, need not fear of breaking a wagon or the legs of a horse.

A man named Earls, living about three miles north of the village of Unadilla, was found in the woods dead last Thursday morning, with indications of suicide by taking paragon.

The last Chenango Union records the death of Mrs. G. H. Manning, wife of the editor of that paper, in the 35th year of her age. It is said of her, "she had no superior in any of the walks of life."

H. G. Wood, Secretary of the Oneonta Union Agricultural Society, has the thanks of the CHRONICLE office for a complimentary ticket to attend the Fair at Oneonta, to be held Sept. 22, 23, and 24.

By the adoption of the new code, which went into effect Sept. 1st, the practice in Surrogates' courts is materially changed, and increased the business, which must necessarily be done by an attorney.

REUNION.—The 121st Regiment of N. Y. Volunteers will hold their fourth annual reunion in Cooperstown, October 8th, and the 152d has been invited to meet with them. It is expected that the occasion will be a great gala day.

The law now makes the taking of a newspaper and then refusing to pay for it the same as theft, and a New York paper has already commenced criminal prosecution against several persons who have attempted to swindle the publisher.

Ground has been broken and the trenches are being dug for the foundation walls of the new engine house, town hall and lock-up.—The building is to be located across the creek west of the old engine house, on the Wing lot.

It is reported that Rev. B. K. Douglass, of Oneonta, has placed a case in the hands of his lawyers arising out of an alleged defamation of character made by some one through the columns of the Temperance Investigator of Cherry Valley.

Miss Lizzie C. Park, of Hamilton, Md. Co., was picking hops at Mr. Preston's, Millford Center, last week, and was found dead Thursday morning, reclining on a couch in her sleeping apartment. The cause of her death, said Dr. Spafford, was pneumonia-apoplexy.

One of the best places in the world to advertise is on a fair ground. The Morris Fair will be held Oct. 5, 6 and 7, and merchants, mechanics and farmers, will do well to look to their interests and patronize the printer. All kinds of job printing executed at the CHRONICLE office at reasonable rates.

Last Friday afternoon the Arkwright Factory, in Pittsfield, was obliged to stop work on account of low water. Mr. R. Leonard says this is the first time since he built the present dam (a number of years ago), that the factory has stopped work in consequence of scarcity of water.

F. Delos Shumway, the Republican nominee in this county for District-Attorney, should not, and neither will he, be elected to fill this responsible office. This is an office which needs the best legal talent of the county. We hope the Democrats will nominate a good man, as the nomination is equivalent to an election.

A large congregation assembled at the Baptist church last Sunday evening to hear what Miss Haswell had to say about missionary work in Burma. Her lecture was quite interesting and should beget in the hearts of her hearers more zealous work for the cause of missions.

The following is told of a local orator:—"Gentlemen, I shall not make any remarks on the subject upon which I am going to talk about." Candid, certainly, to give notice on the start. We are often ready to exclaim, after listening to a speech, lecture or sermon, the speaker has made no remarks on the subject upon which he was going to talk about.

At the Republican County Convention held at Cooperstown, last Friday, F. Delos Shumway, of Otego, was nominated for District-Attorney; Dr. George F. Entler, of Oneonta, for Coroner; and Cyrus Brown, of Plainfield, for Justice of Sessions. The following gentlemen were chosen delegates to the Congressional Convention: A. P. Strong, W. R. Morris, Geo. N. Carr, Chester Card, N. Bridges, J. B. Hooker, Parker D. Fay, W. C. Richards, Carlton Brown, F. Baldwin.

D. B., from Edmeston, in the New Berlin Gazette, says:—Our telegraph line is likely to prove a success. The poles are all set from here to West Burlington and they will probably be all set from West Burlington to Morris this week and four car loads of poles are expected at New Berlin this week for the north end of the line. If perseverance will accomplish it, it will be pretty sure to go through. S. C. St. John has done very little this season except to work at it. He and William Dye and S. B. Griffith at the Forks, J. S. Crandall, A. A. Pope, at Leonardsville, and Delos Sitts at West Edmeston, on the north of the line and Clark Piersons of West Burlington and Henry Breeze, Garrattsville, on the south have been mainly instrumental in working it up and many others have made liberal contributions in money for purchasing the poles and for defraying other expenses.

The Department of Public Instruction has received information that of all the school children in school district No. 13, situated partly in the towns of Morris and Leonardsville, Otego county, two-thirds have died from diphtheria, and that with but one exception every child in the district has had the disease. School has been maintained only twenty-five of the twenty-eight weeks required by law, but Superintendent Gilmour will admit the district in the apportionment of the public money.—Albany Express.

In reading the above a stranger would be led to believe that there had been an extraordinary number of deaths from diphtheria in the above mentioned school district. The facts are, there has been seven deaths in the district from that disease, and if seven is two-thirds of the children, there consequently were only 10 2/3 scholars in the district. We guess there is a slight mistake. But diphtheria broke up the school and Mr. Gilmour did right in admitting the district in the apportionment.

HOUSE BURNED.—The large farm house belonging to Simeon Lottridge in Columbus, was burned to the ground on Thursday morning, Sept. 9th. It seems that the chimney burned out the previous evening, and the family went to bed supposing that every thing was safe, but they were awakened from their slumbers at about three o'clock in the morning and found the dwelling in flames. By hard work a portion of the household goods in the lower part of the house were saved. We learn that there was an insurance upon the building.—N. B. Gazette.

At the coroner's inquest in the Finch case, at Trout creek, a verdict was given that Finch came to his death from the blow dealt by Boice, and defined the crime a manslaughter in the third degree. Boice was taken to Delhi last Wednesday, and bailed on Thursday, to appear before the grand jury in Oct., the county judge fixing the amount of bail at \$4,000. The verdict shows that we were right last week in the theory that Boice was not as much to blame as was at first supposed. No doubt both he and Finch were governed by the same motives in attempting to separate the combatants, but each mistook the other's intentions.—Unadilla Times.

A BRAVE ACT.—Train No. 12 was standing on the track at Harpersville, headed east, when train No. 14, bound east, approached, and owing to the heavy grade the engineer was unable to stop his train without running into the caboose attached to train No. 12. By the force of the blow with which the caboose was struck, it was driven into a box car in front, the forward end of the former being elevated into the aperture made in the latter. In the caboose were Mrs. Chas. Benedict, of Afton, and her infant child. Engineer Whitaker saw the occupants of the caboose, and hastily took a position on the pilot of his engine; and when the woman and child fell from the front end of the caboose toward the engine he caught both and landed them safely on his engine. George Smith, of Oneonta, the fireman, jumped from the engine and was uninjured.—Oneonta Press.

DANCING AT THE FAIR.—L. B. Cushman of Edmeston, has rented the privilege of erecting a Dancing Tent on the Fair Grounds in Morris during the coming Fair. Will have good music in attendance, and all who are inclined to dance can have an opportunity, under a large tent gotten up expressly for dancing. Everything will be conducted in good order and with decorum. 703w1.

Pork and Chickens wanted immediately at Lawrence's Market in Morris. 703tf.

New Lisbon.

Miss Aggie Renwick is very sick. The wife of Joseph Gregory is very sick with pleurisy.

Our new post office comes out with a new and very plain stamp "Welcome."

K. P. Gregory has his horse raised and work on it is now progressing rapidly.

Mrs. Hannah Hickling is very sick with bilious fever. Dr. McClellan thinks she will recover.

Prof. Eugene P. Mickel, grandson of the late Homer C. Buck of this town, has recently received a license to preach, from the Presbyterians at Belton, Georgia, where he now resides.

Charles Jackson's head got the start of him the other morning while getting his cows out of the pasture. Charley knows whose nose came in contact with a piece of board, and will not hereafter be in such a hurry to get over the bars.

Thomas Hume a few days since went into his pasture to fix fence. He had an axe in his hand, and in passing through his drove of cows came to the bull, who did not seem inclined to turn aside and allow him to pass.—Mr. Hume not wishing to give way for him struck him on the head with the axe, which only caused him to shake his head, he then struck him a harder blow, with the same result, the third time he gave him a heavy blow between the horns, when the animal made a rush for him, and as they stood near the bank of the creek, Mr. H. found himself in a deep hole in the creek, with the bull standing over him. On getting out of the water Mr. H. found himself alone, the animal having taken French leave. W.N.T.

A CURE FOR DIPHTHERIA.—The following cure is given by the celebrated Dr. Field, during the ravages of diphtheria in England, a few years since: A teaspoonful of flour of brimstone in a wine-glass of water, stirred with the finger rather than with the spoon, as sulphur does not readily amalgamate with water; when well mixed, use as a gargle and swallow. In extreme cases, where the fungus was too thickly closed to allow gargling, he blew the sulphur through a quill into the throat, and, after the fungus had shrunk, then gargled. If the patient cannot gargle, sprinkle the flour of brimstone on a live coal, and let him inhale the fumes. Brimstone kills every species of fungus in man, beast, and plant. Dr. Field never lost a patient from diphtheria during all his immense practice.

Around The World.

A fame that is world-wide and acquired in the short space of a few years, must have true merit for its support. Dr. Pierce's Family Medicines have gained such fame and the foreign orders for his Golden Medical Discovery—the greatest blood-purifier of the age, for his Pleasant Purgative Pellets (little sugar-coated pills), his Favorite Prescription for Women, and other remedies became so great, that a branch of the World's Dispensary has been established in London, England, for their manufacture. From this depot they are shipped to every part of Europe, and to the East Indies, China, Japan, and other countries. Their sale in both North and South America is perfect, and increases yearly. World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., and Great Russell Street Buildings, London, England.

ROYAL CENTRE, Cass Co. Ind., Feb. 22, 1870. Dr. R. V. PIERCE Dear Sir—I take pleasure in writing my testimony with others in regard to your valuable medicine. For a long time I have suffered from disease of the lungs and until I used your B. O. V. I found nothing to do for me any good. Thanks to you, I am relieved and recommend it to all. Yours truly, MARY KENNEL.

New York Market.

Corrected weekly from E. & O. Ward's Price-Current, Produce Commission Merchants, 279 Washington Street, New York.

BUTTER.—Creamery, prices rule strong and show an upward tendency.—28c 29c. State, pails and half hirlin tins 26c 27c.

CHEESE.—Market dull. State factory full cream, 12 1/2 to 12 3/4; half skimm'd, 9 to 10 1/2 c. EGGS.—State 19c.

TALLOW.—Prime country, 64c 65c. GRAIN.—Spring wheat \$1 06 to 1 03, winter wheat 1 01 1/2 to 1 05 1/4; rye 87 to 88, oats 42; corn 52 to 57.

HOPS.—The market is without new feature to report. A late London letter speaks of favorable weather for the English crop and estimates the yield at 225,000 to 250,000 cwt. The weather in many sections of this State has been unfavorable during the past 10 days and lice and mould have increased to a considerable extent. Crop of 1879, choice 25 to 26, good to prime 22 to 24.

Teachers' Institute.

The Otego County Teachers' Institute will be held in the school building at Cooperstown, commencing Sept. 20, 1880, continuing one week. Prof. Kennedy, principal, Prof. Pooler, assistant.

We wish to see every teacher in Otego county, present on Monday. There will be daily examinations, one study each day, commencing Monday afternoon, for certificates for the coming year.

A. G. TUTTILL, } Confr. A. G. MILLEK, }

Democratic Caucus, at Gardner's Hall on Saturday evening, 18th inst., at 7:30 o'clock sharp, to choose delegates to County and District Convention. By ORDER COM.

We would call attention to the Fall and Winter Prints, Cashmeres and other seasonal goods at and below cost, at Steele's.

For all kinds of Job Printing, go or send to the MORRIS CHRONICLE office.

The Voltaic Belt Co., Marshall, Mich. Will send their celebrated Electro-Voltaic Belts to the afflicted upon 30 days trial. Speedy cures guaranteed. They mean what they say. Write to them without delay.

All Indorse It. The Recorder, American, Ga. says: "Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's Disease of the Kidneys and for Diabetes; these are respectfully known as Warner's Safe Kidney and Liver cure and Warner's Safe Diabetes cure." 18m3.

Unquestionable. The Herald, Detroit, Mich., says of Warner's Safe Kidney and Liver cure: "It is fully acknowledged that it is not worth the questioning. Bona fide testimonials from well-known citizens in public and private life are evidence strong enough to convince the most stubborn doubter."

Read Joseph Price's new advertisement.

Joseph Price Oneonta, offers special inducements to parties making out large bills.

Headquarters for Wolf, Bear and Buffalo robes at Joseph Price's Oneonta.

Gents' furnishing goods a speciality, at Joseph Price's Oneonta, comprising some "Hancock" and "Garfield" hats.
