Mrs. Hattie Tillson and Lizzie of Gilbertville, are spending several weeks with Morris relatives.

Experiments are being made to see if hope cannot be made useful in the manufacture of paper.

Next Tuesday night there will be a dance at Aylesworth's hotel at Noblesville. Music by Irish orchestra. Bill \$1.50.

W. W. Soden and wife are moving to Sidney, and will make their future home with their son George in that town.

Fayette Allen and wife of Schuyler's Lake were in town last week, called here to attend the funeral of Alex. Arries.

Mrs. Tamer Davis is suffering from an attack of pneumonia, and is quite low. Her brother Rev. Noble Palmer is also sick.

The final reception of Prof. Matthews's dancing class on the evening of Feb. 2d Supper will be served at the Gardner house.

W. R. Leonard, wife and daughter of Oneonta, visited friends here last Saturday. Miss Florence will remain for a couple of weeks.

D. F. Wilber's tax on real estate in this county aggregates \$2,000 (in the towns of Middlefield, Milford, Morris, Maryland and Oneonta).

Lee R. Cruttenden has been calling on friends in town for a day or two. He says he has temporarily joined the "Order of the Sons of Rest."

Doubling the time of the sun's setting will give the length of the day, and doubling the time of its rising will give the length of the night.

George Elliott and wife have moved from their farm in Pittsfield into the village, and are making their home with their son Walter H. Elliott.

A party of half a dozen went up to Pickens' pond last Thursday and fished with tip-ups. They caught a fine lot of pickerel in an hour and a half.

At a meeting of the Directors of the Morris Bank last week a semi-annual dividend of three per cent. was declared—and the Bank but nine months old.

Quarterly meeting at the Friends church last Friday, Saturday and Sunday. Mrs. Messers, Purdy and Carpenter were in attendance. Mrs. Soden also preached.

There are now eight members of the society known as the "Sons of the Revolution," at Oneonta. R. W. Murdoch being the last acquisition. Ralph's no "antique," however.

There are some farmers who have not sold their season's make of butter, for which they could have sold in December 25c to 25c a pound. Now it is in little demand at 18 and 20c.

Joe Frink, H. J. Daniels's representative in Morris the past few days, was called home to Norwich last night by a message stating that his mother was suffering from an apoplectic shock.

Henry Steele was somewhat surprised the other morning to find himself unable to get up, hardly to move a muscle. He was suffering from an acute attack of rheumatism. He is recovering.

The newly elected directors of the First National Bank of Morris met for reorganization last Friday. James P. Kenyon, president, John A. Ward, vice-president, and F. T. Barber, cashier.

Thinking that perhaps there was a little money left in this community Daniels of Norwich sent Joe Frink over here last Friday with a lot of cloaks and caps. He carried until this morning.

Read Carr & Bull's new adv't on fourth page. They are honorable dealers. You get your money's worth every time when you deal with them. Their store is opposite the Central hotel at Oneonta.

Mrs. Helen Ford and Mrs. Frank Moore are visiting their parents, Mr. and Mrs. E. L. Payne, in Morris this week. Mrs. Moore is about to move to Omaha, Neb., where she will be engaged in the office of the New Home Sewing Machine Co.

In another column will be found the advertisement for the sale of the Morris school bonds, as authorized by the school district at the special meeting last summer. This is a good chance for any one having money to invest. The bonds are gilt-edged, drawing five per cent. interest.

The "Bow Bell" factory in Coventry was operated last year by O. F. Hawley of Morris. The following statement by the proprietors may be of interest: Whole number of pounds of milk delivered, 576,677; the goods sold for \$5,935.72; making up and other expenses were \$763.98; average per hundred pounds milk \$828. Mr. Hawley has been re-engaged at an increased salary.

Owing to the funeral of his father-in-law, Mr. Arries, Principal Johnson called on J. W. Shaw to teach out a part of Friday. With the exception of a few hours once before this is the only time Mr. Johnson has lost from his school work during the more than eleven years he has been in Morris. In all his teaching experience of more than forty-five terms he never lost an hour from the schoolroom on account of sickness.

CARD OF THANKS—I express heartfelt thanks to kind friends, neighbors, and the Masonic fraternity, for their assistance and help during the sickness, death and burial of my father John P. Wheeler.

Mrs. C. D. BINGHAM.

The injuries resulting in the death of F. M. Rathbun at Battle Creek, Mich., an account of which was given last week, were received in a fall down an elevator shaft. He had stepped into a store to see a business friend, and the gate to the elevator well was open and he stepped through it unthinkingly, falling to the bottom of the shaft.

The last log building in this town was torn down last week. It was on the farm of Urus Chrisman in Dimock Hollow. Its last occupant was Almonzo Smith, forty years ago, at which time half the houses in that part of the town were log houses. This house was built by Nehemiah Daniels, the father of the late Rev. A. E. Daniels, and in it his grandson John N. Daniels was born, who still lives in sight of the old place. It was probably also the birthplace of Elder Daniels.

At the last town meeting in New Lisbon the Lena people were active enough to get a majority of votes in favor of the town house being at Lena this year. This will compel the residents of the Butternut valley in that town to go quite a ways to vote; but, say, it's no further than the Lena people have been coming for a good many years. It will take quite an exciting town meeting this year to draw out a big vote up there. And by-the-way, we hear it reported that that's the kind of a time some of them are anticipating.

At the assignee's sale of W. W. Soden's property last Thursday, the personal property was well sold out at good figures. The cows averaged about \$25 apiece, and the hay brought \$8 per ton. It was a cash sale. The farm was bought by James Webb of Maple Grove, for \$4,008.00. The entire receipts will go a long ways towards paying Mr. Soden's debts. Had the farm brought what it was worth it would have cleared him, but that only brought \$18 per acre. The preferred creditors will get their pay in full, the others perhaps 50c on a dollar.

The lecture last week on Audubon by Rev. W. S. Ballou, at the Universalist church, was a fine effort. The subject aroused in the lecturer a feeling of sympathy and kinship, he being an enthusiastic admirer of the great naturalist, and who can help being so, when the great work and labors of Audubon are realized. Mr. Ballou has spent considerable time in the study of Audubon's life, and it proved a pleasant and profitable task, he says he would have missed a great pleasure had he not undertaken it. The next lecture will be given on Jan. 30 subject "Charles Dickens." The admission is 10c, the proceeds going to the young people's society of the Universalist church.

We had a pleasant call the other day from a prosperous young Pittsfield farmer with progressive ideas in his head. He put in a Separator last November as an experiment, and is so well pleased with it that he proposes to buy a power in the spring to run it with, and to do his churning, and to which he will also probably attach a drag saw, feed cutter, etc. Many farmers are doing a "pile" of hard work in the "good old way," who might buy a power, of which there are numerous kinds at low prices, and do their work quicker, better, easier, cheaper. When the farmer above referred to began using a Separator he discovered that heretofore he had been feeding his pigs a pound of butter a day from his ten cows. He also found that even if he strained the milk through a double cloth strainer the Separator would throw out dirt, pieces of hair, and a filthy gummy refuse, and thus make purer and cleaner butter, consequently a more marketable article. The machine shows what a lot of filth and dirt we eat in milk.

**MEL GARDNER KILLED.**

M. G. Gardner, an Ontario & Western railroad freight brakeman, was instantly killed near Deansville last Friday night. The train was running on a side track just south of the Deansville depot. Gardner was the middle brakeman on a coal car. After the train passed into the switch the conductor missed him and sent back. His dead body was found across the track with the neck lying on the rail. The shoulders, chest and arms were terribly crushed, and death was instantaneous. Gardner's home was in Norwich, where he leaves a wife and three children. He was about 40 years old. It is probable that while adjusting the brakes he slipped and fell between the cars.

Gardner was a former resident of Morris; was a brother of Fred Gardner of this town. His wife was Cora Foote, daughter of Albert Foote also of this town. Gardner's first wife was a daughter of Frederick Ball of Pittsfield.

**A PITTSFIELD FARMER KILLED.**

LaVelle Chase was killed by a falling tree on Friday last week on his farm in Pittsfield. The tree slipped from the stump and he was caught by the limbs, which were low down on the tree. One hip was crushed and one leg broken. He was taken to his house, but lived only about four hours. He was a man about 60 years of age, a well-to-do farmer residing about a mile west of Turtle Lake, and respected by all who knew him. He leaves a widow.

**THREE BOYS DROWNED.**

James Fricker, aged 15, while on Otego Lake last Friday night, skated into open water where ice had not formed. A companion hastened to shore and got a board, but when he returned his friend had gone down in sixty feet of water. His mittens were frozen to the edge of the ice where his hands had slipped out of them when he went down. The body was recovered on Saturday.

On the afternoon of the same day, Floyd and Arthur Griffin, aged 18 and 14, left the dock at the foot of the lake and started for their home, the Fenimore farm, across the lake. They did not return home that night, and their parents supposed they had gone to spend the night with their grandfather at Toddtown Saturday morning the father went to Cooperstown, and on inquiry found that his boys had started for home the afternoon before, one skating and pushing the other on a sled. A search was at once begun. As one man was walking up the ice, looking through it into the water (the ice being transparent as plate glass) he saw the boys and their sled under the ice, about eight feet of water, the place where they went through having frozen over during the night, leaving hardly a trace of the accident.

**BIG SNOW STORM COMING.**

Lozen Cushman, the famous Plymouth weather prophet, predicts a great snow storm, commencing the 25th of this month. Mr. Cushman was seen at the Commercial hotel and said he would stake his reputation as a weather crank, that Chenango county would have more snow on the ground at one time than the memorable winter of 1833. At that time according to Mr. Cushman's statement, the average was six and three-quarters feet on the level. Farmers were unable even to reach their barns for 48 hours and the roads were impassable for over six weeks. To prove his assertion he told the reporter that he had purchased enough provisions to last him until March 1st, and did not expect to visit Norwich again before that date.

**LA GRIPPE. LA GRIPPE.**

**Why Suffer?**

With this terrible disease which is now causing so many deaths and such terrible suffering, when a pleasant, quick, and permanent cure can easily be had.

**READ WHAT THE FOLLOWING WELL-KNOWN MAN HAS TO SAY OF HIS EXPERIENCE.**

The Grippe Malaria Eliminated.

H. G. SOUTHWORTH, My Dear Sir—I have tested your Blood and Kidney Remedy to the extent of about half a dozen bottles, and it has been so successful as to have increased my sale of your medicines to a million dollars. It is pleasant to take, and while it purifies the system it clears the head, brightens the intellect, and makes one almost feel young again. It cannot fail to be in great demand as soon as it has been tested sufficiently to ascertain its worth. It is the only remedy I have ever tried that seemed able to eliminate the Grippe Malaria from the system—and I tried several before trying this, and since using it have frequently volunteered to recommend its use by my friends who were afflicted with the "grippe." I have been suffering from this disease as long as I can remember. It is equal to the merits of the remedy itself, I am, Sir, truly yours,  
 H. M. ALLENWORTH, Vice Adm. U. S. Navy.

**TAKE DUE NOTICE HERBON ADRI, Southworth's Blood and Kidney Remedy can be purchased at all drug stores and in medicine. Do not delay or trifle with this terrible disease, but take a bottle home to-day and be speedily cured of the terrible La Grippe.**

 M. MATTESON M. D., President.

**HIT IT CORRECTLY.**

An exchange says every town has a liar. A smart Aleck, some pretty girls men who know it all, a woman that tattles a neighbor hood feud, more loafers than are needed, a man who understands the silver question, some men who make remarks about women, hens that scratch up other people's gardens, a young man who laughs every time he says anything, and men who can tell you all about the finances but have made a dismal failure of their own.

**GOOD FOR THE WOMAN.**

A Kansas woman who has been elected police justice of her city has adopted a novel solution of the tramp problem. The first tramp who was brought before her for judgment was sentenced to have two baths a day for ten days and to hard labor on the stone pile, with the order that he should be fed if he worked and starved if he shirked. The prisoner survived the ordeal, but now the first question a tramp asks on approaching a Kansas town is whether the police justice is a man or woman.

**FROM AN OLD FRIEND.**

Allow an old editor now seventy-six, to compliment the CHRONICLE on its excellent culture of the home field and vicinity. In that chiefly consists the real strength of the home newspapers, as all experience goes to show.

M. S. Converse of Elmira, formerly of Franklin, and a native of old Butternuts, has removed from Elmira to San Antonio, Texas, for old age. One of his daughters resides there, wife of the principal of the public schools. Mr. Converse taught in the Delaware Literary Institute and kept the boarding hall several years. On leaving Elmira his church and school friends gave him a royal good bye reception, which he well deserved.

**RESOLUTIONS.**

WHEREAS, in view of the loss we have sustained by the death of our friend and neighbor, Mr. W. H. Gardner, and of the still heavier loss sustained by the death of his wife, and of the fact that he and she were so near and dear to him. Therefore, Resolved, That it be justly tribute to the memory of our friend and neighbor, Mr. W. H. Gardner, that we mourn for him as we mourn for one who was in every way worthy of our respect and regard.

Resolved, That the officers and members of the family of the deceased do with this dispensation, which has pleased Divine Providence to afflict, and which we do hereby sympathize with, and commend them for the best, and whose sympathies are meant in mercy.

Resolved, That the heartfelt sympathy of this Lodge be extended to his family in their affliction, and that the Lodge do as they shall deem proper in mourning for the space of thirty days.

Resolved, That these resolutions be spread upon the minutes of the Lodge, and a copy thereof be transmitted to the family of our deceased brother, and request the same to be published in the MORRIS CHRONICLE and Edmeston.

W. H. GARDNER, Deceased.  
 A. J. GATES, Sec'y.
