WATER WORKS DONE.

The new reservoir to the water works filled last week and on Saturday began running over the spillway. This means that a dam 180 feet long vour presence makes the service inand 18 feet high is impounding a reservoir of water 1,300 feet long and 12 feet deep-4,000,000 gallons. The water passes out of this immense reservoir through a stand-pipe whose opening is four feet above the bottom, down to the aerator and then on into the Morris Bank vault which he was to filter, an underground chamber 33 feet square, and through three feet of Frank Elliott got one of his feet under filter sand on a bed of crushed stone, and then over a fall of several feet in- ness meeting at the parsonage this to the main pipe which carries it 1,- Tuesday evening from 7.30 until 10 700 feet down into the old reservoir, which has been rebuilt and covered with three feet of earth, and from there it comes to the village-never having seen daylight after it leaves the aerator. The capacity of the filter is 200,000 gallons per day.

There is no question but our water system now has no superior in the United States.

Contractor Snell, we believe, has done a conscientious job and even under great handicaps of weather conditions in the early part of his duced a resolution increasing the work, and unlooked for quicksand treasurer's salary from \$600 and fees drawbacks in excavations, he has alo \$1,200 and fees. The Board with ways been cheerful and optimistic. prompt unanimity raised the salary, The engineer in charge, Mr. Ehle, and at the same time added \$300 to the has been on the job every minute, salary of the District Attorney, mak- and he and Mr. Snell have earnestly co-operated to produce what they From what we read in our exchanges have, a perfect water system for our in the central and northern part of village. But our people will never the county farmers in those districts forget that all this has been possiare about tired of raising hops and ble only because of the generosity of may turn to more diversified farming. THE KNOCKER'S PRAYER.

Lord, please don't let this town

Published by Request.

grow. I've been here for thirty years, and during that time I've fought every public improvement. I've knocked everything and everybody, no firm or individual has established a business here without my doing all I could to put them out of business. I've lied about them, and would have stolen from them if I had the courage. I have done all I could to keep the town from growing and never have made the marshal stop the boys playing ball on my vacant lot. Whenever kill the business or spoil the fun. I and Maroon colors. don't want the young folks to stay in ed to meet with Mrs. Wanzer from 2 this town and I will do all I can by law, rule and ordinance to drive them away. It pains me to see that in spite of my knocking it is beginning to grow. Some day I fear I will be Saturday—The Willing Workers called upon to put down sidewalks in front of my property and who knows but what I may have to help keep the streets that run by my premises? bear. It would cost me money though all I have was made right here in this town. Then, too, more people might come if the town begins to grow, which would cause me to lose some of my pull. I ask therefore, to keep this town at a standstill, that I may continue to be the chief. Amen.

> Get ready for N. Melnick, who will hold a reduction sale with a great stock of Winter Garments and Footwear for men, women and children. Owing to the warm and backward season we are greatly overstocked with brand new merchandise, and these goods will be sold at great reductions. Don't fail to call at this sale, which commences Tuesday, Dec. 15th, in the Kenyon building, Morris, for 12 days.

Married.

At the Baptist parsonage in Morris, Nov. 25th, by Rev E. B. Russell, Merton John White of No.
