

**BATTERY B BOYS
READY FOR HIKE**

**Troopers Will Encamp Over
Night on the Heights at
Wenonah**

'NON COMS' GET PRACTICAL WORK

The troops of Battery B. will leave the Armory to-morrow afternoon for a practice march to Wenonah and a short encampment in the heights at that South Jersey town. Captain Barnard will be in command.

Owing to the fact that all of the commissioned officers of the Battery are now at Fort Riley the "non coms" of the command will have ample opportunity to do practical work in their places.

With the single exception of Captain Barnard, all officers on the march will be non commissioned men. The boys will make the trip with their four field pieces and full camp equipment.

They will break camp at noon on Sunday for the return trip to this city. While away they will receive instructions which will prove beneficial on their trip to White Plains, New York, August 10 to 20th.

Battery B Boys to Camp in Wenonah
